

Forward Note - A Yanger's Guide to Yangin'

Hey there fellow Yangers! Some of you have requested a copy of the visual aid that was used in the video below:

Twitter:

https://twitter.com/kiimthi/status/1221835005745229827?fbclid=IwAR2DOVjYTyS7oOCFbWn8aQhxcEB8ZYG6ph_6lGveSqLgAhQNTaS9kM5B3qo

Reddit: https://www.reddit.com/r/YangForPresidentHQ/comments/euitrl/she_has_the_data/

We have done some formatting and improvement to that document and would like to share it with everyone.

Please send any feedback to: sandiego.yanggang@gmail.com.

We recommend you take this with you when you are Yangin'. The aid helps with a consistent message and keep people engaged.

Thank you for your time and volunteer efforts to get our future president there sooner!

OUR POLICIES

ANDREW'S 3 BIG POLICIES

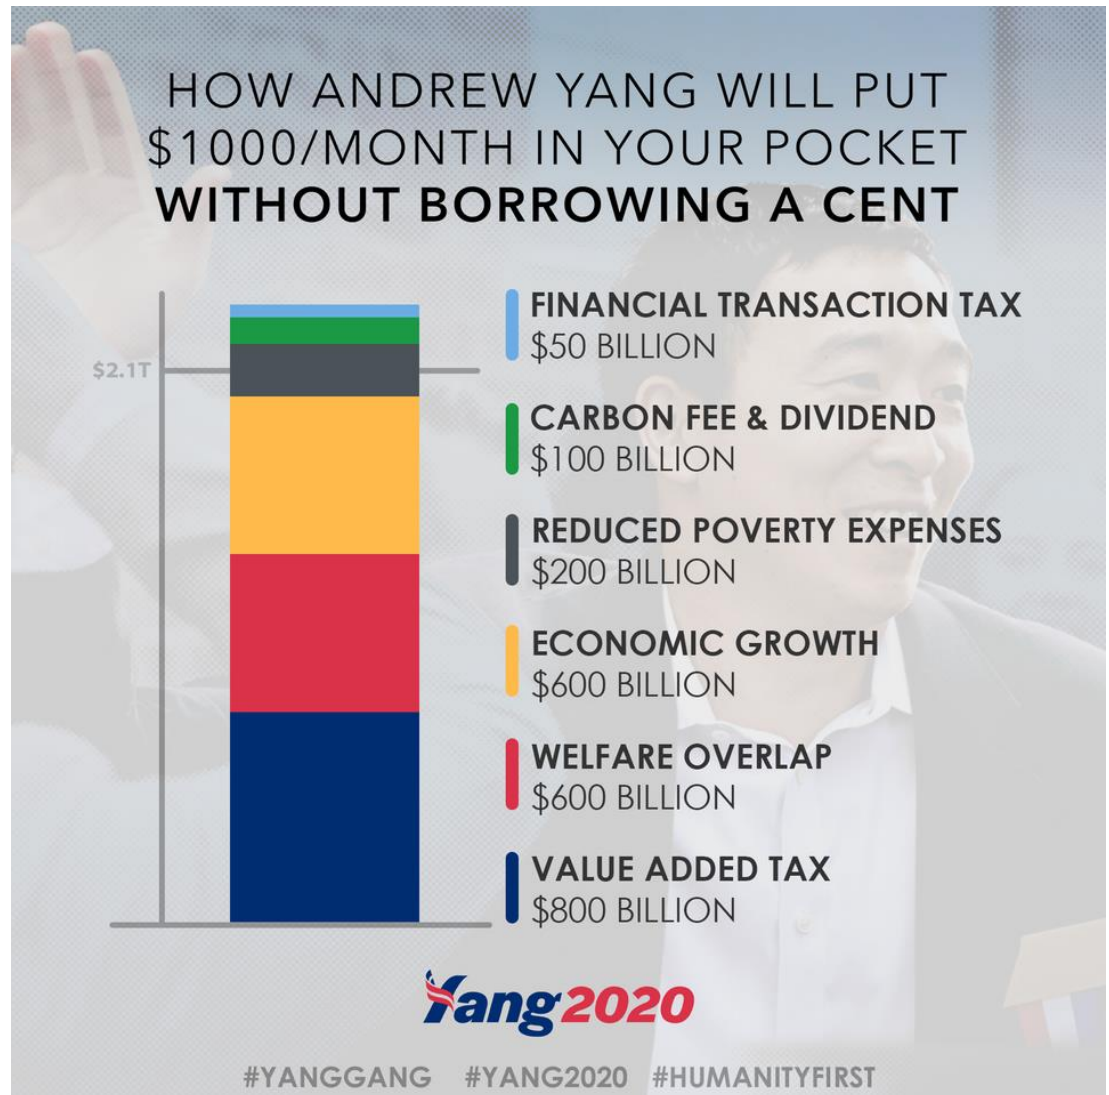

POLICY

THE FREEDOM DIVIDEND

- ✓ **Universal basic income of \$1,000/month, \$12,000 a year**, for every American adult over the age of 18.
- ✓ Independent of one's work status or any other factor.
- ✓ **Enable all Americans** to pay their bills, educate themselves, start businesses, be more creative, stay healthy, relocate for work, spend time with their children, take care of loved ones, and have a real stake in the future.
- ✓ Other than regular increases to keep up the cost of living, any change to the Freedom Dividend would require a constitutional amendment.
- ✓ It will be illegal to lend or borrow against one's Dividend.
- ✓ A Universal Basic Income at this level would **permanently grow the economy** by 12.56 to 13.10 percent—or about \$2.5 trillion by 2025
- ✓ **Would increase the labor force** by 4.5 to 4.7 million people.
- ✓ **Putting money into people's hands** and keeping it there would be a perpetual boost and support to job growth and the economy

POLICY

MEDICARE FOR ALL

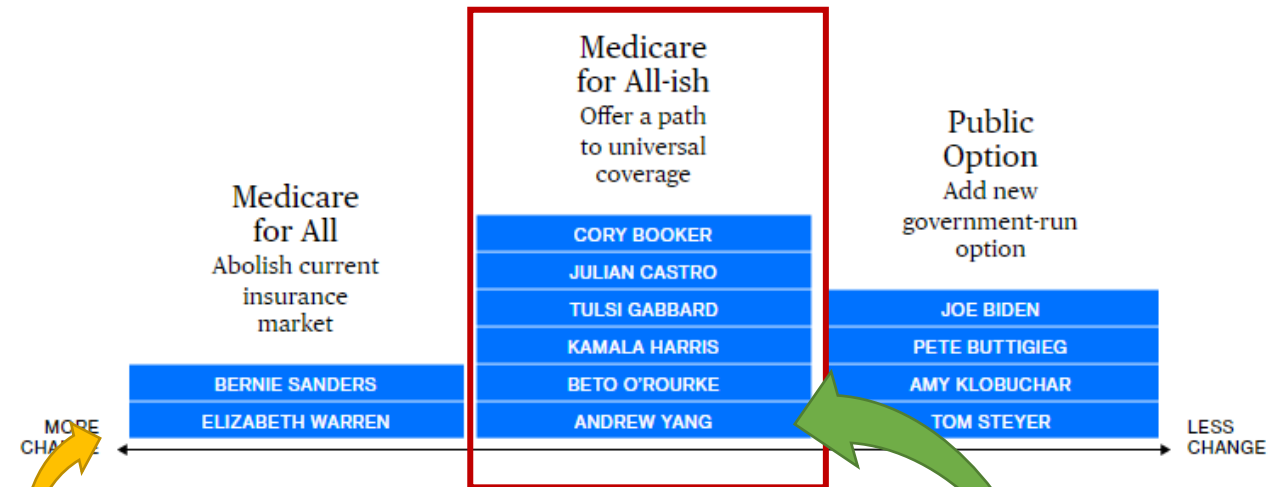

We need to fix our broken healthcare system by tackling the root problems through a six-pronged approach:

- 1 Control the cost of life-saving prescription drugs
- 2 Invest in technologies to finally make health services function efficiently and reduce waste
- 3 Change the incentive structure
- 4 Shift our focus and educating ourselves in preventative care and end-of-life care options
- 5 Ensure crucial aspects of wellbeing
- 6 Diminish the influence of lobbyists and special interests in the healthcare industry

A Spectrum of Positions

<https://www.bloomberg.com/graphics/2019-opinion-democratic-presidential-medicare-debate/>

The only thing 2020 Democratic candidates agree on is that the current system isn't working

Note: Graphic shows candidates participating in the Democratic presidential primary debate on Oct. 15.

- **Disruptive to the industry**
- **Some people want to keep their healthcare plan**
- **All costs financed by taxes, additional burden on taxpayers**

- **Less disruptive transition for industry**
- **People can option to continue with their plan**
- **Less burden on taxpayers but still offers path to universal coverage**

POLICY

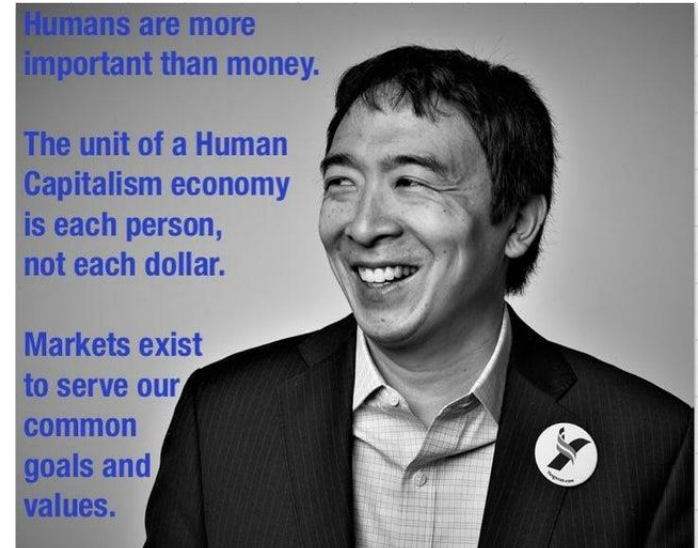

HUMAN-CENTERED CAPITALISM

CAPITALISM VS HUMAN CAPITALISM

HOW HUMAN CAPITALISM WOULD MOVE SOCIETY FORWARD

	CAPITALISM		HUMAN CAPITALISM
	People are economic inputs for a system that uses GDP and corporate profitability as its measures of success.	→	People are the centers of the economy, and human well-being indicators (health, education rates, engagement with one's job) are the measures of success.
	Technology and automation will replace human labor.	→	Technology and automation will free us to devote energy to things we value.
	Healthcare is only available for those with resources or a job that provides it.	→	Everyone has access to healthcare as a right of citizenship.
	Education is designed to produce effective laborers.	→	Education is designed to produce effective citizens and humans.
	Businesses consolidate and capital flows to fewer and fewer people.	→	Capital is reinvested in individuals and communities to allow all economies to thrive from the ground up.

**and he will
CONTINUE
to rise ! ! !**

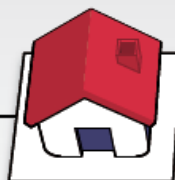

HOW TO BECOME PRESIDENT OF THE UNITED STATES

U.S. CONSTITUTION'S REQUIREMENTS FOR A PRESIDENTIAL CANDIDATE

✓ NATURAL BORN CITIZEN

✓ MINIMUM AGE 35 YEARS

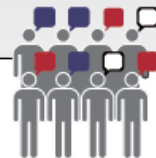

✓ U.S. RESIDENT 14 YEARS

STEP 1 PRIMARIES AND CAUCUSES

There are many people who want to be President, each with their own ideas about how government should work.

People with similar ideas belong to the same political party. This is where primaries and caucuses come in.

Candidates from each political party campaign throughout the country to win the favor of their party members.

STEP 2 NATIONAL CONVENTIONS

The presidential candidates campaign throughout the country to win the support of the general population.

At each convention, the presidential candidate chooses a running mate (Vice Presidential candidate).

Each party holds a national convention to select a final presidential nominee.

2

Democratic Nomination Here

IN A PRIMARY
Party members vote for the best candidate that will represent them in the general election.

IN A CAUCUS
Party members select the best candidate through a series of discussions and votes.

1

You VOTE Here

STEP 3 GENERAL ELECTION

People in every state across the country vote for one President and Vice President.

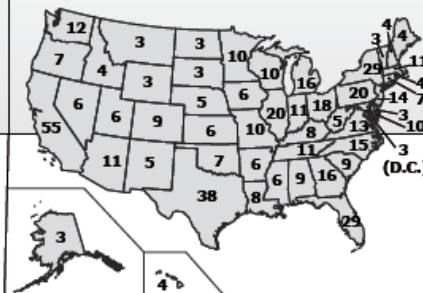

When people cast their vote, they are actually voting for a group of people called electors.

3

You VOTE Here

STEP 4 ELECTORAL COLLEGE

In the electoral college system, each state gets a certain number of electors based on its representation in Congress.

Each elector casts one vote following the general election, and the candidate who gets more than half (270) wins.

538
ELECTORAL VOTES

270
VOTES

Based on 2010 Census

The newly elected President and Vice President are inaugurated in January.

DEFINITIONS

Caucus: A meeting of the local members of a political party to select delegates to the national party convention. A caucus is a substitute for a primary election.

Delegate: A person authorized to represent others as an elected representative to a political party conference.

Electors: A member of the electoral college.

Electoral College: The voters of each state, and the District of Columbia, vote for electors to be the authorized constitutional members in a presidential election.

Natural Born Citizen: Someone born with U.S. citizenship includes any child born "in" the United States, the children of United States citizens born abroad, and those born abroad of one citizen parent.

Primary: An election where voters select candidates for an upcoming general election. Winning candidates will have delegates sent to the national party convention as their party's U.S. presidential nominee.
